Dear Member

We as an Organization and as a Police Department have not experienced anything like this in our lifetime. Not even the attack during September 11, 2001 has created so much widespread havoc, anxiety and fear for ourselves and loved ones.

During this time of extreme hardship, the Asian Jade Society's Executive Board wants to remind you that we are your family as well, and as such a resource for help and guidance. You are not alone. If you have been directly impacted by COVID-19, please reach out to us or have your family member do so. If you know a member who needs assistance, please let us know that as well. Check on each other. It is our obligation to you to do our best to work with you to find the most appropriate resource(s) or service(s) to assist you.

At this time, all our activities including the general membership meetings, are on hold. However, we are exploring possible options for holding virtual meetings utilizing applications available to us while maintaining that zone of safety. We will notify all when or if we are able to establish such a program.

The Executive Board is working on a couple of projects beneficial to the NYPD, thus you and you as an Asian Jade member. Things are happening quickly and we should be able to notify you by the end of the week. We will endeavor to maintain a line of communication to you during these difficult times via text blasts, email and website information. We will attempt to maintain the information on the website as much as possible as more and more information is provided or learned from this disease.

Please, try not to pay attention or distracted by the false of fake information on social media. Continue to take care of yourself and protect your family members by washing your hands, maintain that social distance and disinfecting your place of work, whether it's in the RMP or behind a desk.

God Bless You and your Family
God Bless the NYPD
God Bless America
